Big Meeting of Adventists in Boes Not Correspond With Hamilton's People on Mosley Avenue South Riverside.

Undertaker Dunbar went to the come Can't Sleep. South Riverside.

THREE BIG GOSPEL TENTS

Sermons Preached in English, German and Scandinavian-

Out in Riverside Park is a small but growing city. The houses are not very substantial, for they are made of corton. This city is to be the temporary claims that it had never been loaded. abode of many of the Seventh-day Adventists of Kansas during their annual camp meeting to be held there from September 7 to 17.

The Seventh-day Adventists denomina tion numbers about 60,000. They have churches and companies all over the world, and the sun never sets on their adherents. In this country the denomination is divided into Conferences, these Conferences taking the name of the state or territory which comprises them.

In each of these Conferences is held an annual camp meeting, at which time the most of the members in the conference come together and spend a week or two in divine service. Such a meeting has been held every year in some of the Kansas cities, and it is expected that fully 1500 people will be assembled in Riverside Park during the above named date. A dining tent, grocery tent and about forty dwelling tents have already been erected. but when completed the camp will comprise about 150 or 200 dwelling tents, and at least five large pavilions. In these large pavilions, meetings will be held for the children, youth, and in the English, German and Scandanavian languages. There are about fifty workers now on the ground and others are expected on every train. Besides the workers belonging to the Kansas Conferences, there will be ministers present from various parts of the United States. It is expected that some of the best talent in the denomination will be represented at this meeting. The Seventh-day Adventist people be-

lieve the ten commandments to be as binding upon all today as on the day when they were given from the summit of Sinal. And because of their belief in this particular they observe the seventh day, or Saturday as the Sabbath; hence their appellation, Seventh-day Adventists. That which gives them the name of Adventists is their belief in the near advent of Christ. They see in the events Over 30,000 people surrounded the soldiers transpiring now, omens of the approach of the Prince of Peace. These articles of faith being somewhat different from that which is ordinarily held, will doubtless add to the interest of this meeting. and we predict for them a large attendance from the outside.

BITTEN BY A VICIOUS HOG Jacob Suhm Attacked in the Bark and Painfully Injured.

victous boar stuck his sharp tusks into the fleshy part of Jacob Subm's leg Tuesday night, causing a very painful and dangerous wound, which, had it not received immediate attention, would in all son. Mr. Suhm is the well known dairyprobability have developed into blood pman who fives northwest of the Thirteenth Street bridge across the big Arkansas river. Tuesday night just as he was preparing to retire Mrs. Suhm 1 a noise at the barn. She informed Mr. Suhm and he went out to see about it. Unphoughtedly he went into a pen where one of his large hogs was and the hog made a terrible lunge for him. It was very dark and Mr. Suhm did not get out of the way. The boar ran one of his long tusks into the calf of Mr. Suhm's leg and then twisted it around, goring the muscles in a fearful manner. By an almost superhuman effort Mr. Suhm succeeded in extricating himself and made his way finck to the house. He immediately telephoned his brother, Will Suhm, at Gus Sauer's drug store, and in twenty minutes he and Dr. Hoskins had reached the house. Antiseptic dressing was given and a nube inserted to carry off the drainage from the wound. It has since been doing finely and the doctor apprehends no further danger. It was considered a close call for Mr. Suhm.

### BEN KERFOOT'S SUCCESS

How He Has Worked His Way Up

There comes to the city the story of reward for tireless endeavor for a Wichita boy. Benny Kerfoot, son of S. B. Kergoot, a few years ago graduated from the Wichita High school. It will be reshered that he tried for a cadetship at West Point. The examination, which was held in Hutchinson, was participated in by thirty applicants. A young Mr. Casad won, Mr. Kerfoot being second. Young Kerfoot had the grit in him that makes great men. Having falled to get into West Point, he resolved to join s regiment and work his way up. This he did, becoming a private in the Twentioth Kansas, Funston's regiment. As a private he was so soldlerly, so painstaking and so praiseworthy that he advanced tapidly and has finally been promoted to second lieutenant. He was one of the leaders in the swimming of the Bag-Bag. and everywhere he has been notable in the campaign for his fine judgment and

And there are prospects that he will go still higher, for a movement is on foot to get him a first licutenancy in the new regiments being formed. President Mc-Kinley will be petitioned to this effect, and the president when he hears the

Bold swarpwhere. Smar, No. : Orsvnews, Ste. Powrant, See, Powrant, Ste. Conv., Prom., Bonne, Send turble, Sont, Send.

story of the young man who enlisted as a private and worked his way up so rapidly will in all likelihood grant the request of young Kerfoot's friends

BULLET THAT KILLED GORATH

tery near Colwich Wednesday to exhume the body of John Gorain, who was killed last Saturday night, for the purpose of getting the bullet which was in Gorath's brain. Dr. Hoffman was sent out for that purpose Monday by Sam Amidon but refused to handle the body, which was in a bad state of decomposition, Mr. Dunbar said it was a hard job, but he succeeded in getting the bullet. It was imbedded in the brain and was flattened. It has the weight of 32-calibre, which i not the size of the pistol Bud Hatfield fired, and this will complicate matters a great deal. Luther Belt, the boy who was released Wednesday, had bought a Collibre revolver, it is said, but Belt

CATTLE STEALING

WORKED BY NEW METHODS.

Sterrit Brothers of Butler County Lost Fifty-Three Head.

Cattle thieving is being worked with new methods in southern Kansas now The thieves go about over the country and locate the pastures with cattle. Some time in the night they drive in, load up one or two and drive all night. The next day some time they sell the animals to some farmer, or, striking a town, they sell to a butcher. They always pick un-

branded cattle to avoid detection. Sidney Blakeman of Leon was in the city yesterday and reported that the Sterrit Brothers, seven miles south of Leon, in Butler county, lost fifty-three head of calves out of a bunch of 158 cattle between the 20th of July and the 20th of August. The first time any of the calves were missing the owners thought proba-bly they were in a cornfield that adjoins the pasture and didn't pay much attention to the matter. The thieves probably got away with them by the method above mentioned. That graft is being worked in Kingman and Harper counties. Several losses have been re-

FINE LOOKING SOLDIERS Ex-Sheriff Hays Brags on the Tenth

Ponnsylvania Boys. Ex-Sheriff W. W. Hays returned yesterday from Omaha, where he had been for several weeks handling Sedgwick county fruit. He was present at the reception given by the citizens of Omaha to the Tenth Pennsylvania regiment as they passed through that city on their way home from the Philippines. Mr. Hays said it was the grandest ovation he had ever seen tendered to a body of men. and vied with each other to do them honor. The ladies pinned a bouquet on each one of the returning heroes and fed them with choicest viands.

The efforts of people who are trying to haul down the fing to make the country bolieve that the soldiers are dying and sickening in the Philippines, is dispelled by Mr. Hays' report of the Pennsylvania boys. He says he never saw a more robust and healthy lot of men in his life. All were dressed well, looked well and appeared as if they had been on a pleasant jaunt, instead of a hard campaign Every American should be proud of the manner in which Uncle Sam looks after his army. Only ten of the Tenth Penn-

Mr. Hays did not see Arthur Phillips of Mulvane, who is a member of the reg-Iment.

INJUSTICE TO HOSPITALS Police Say Too Bany Charity Patients

Prop Into Wichita Acting Chief of Police Massey says the hospitals of this city are being imposed upon by the great number of charity patients that drift into the city from other counties and states. The hospitals are said to be crowded new and have all of the charity wards full. This is accounted for by the fact that the report has gone been unable to obtain the slightest clue all over the country that Wichita has the best hospitals and probably more of them the fact has never been made than any other city in the southwest. The Kimmel's business affairs at Arkansas poor and afflicted of other chies and towns City are said to have been in good shape are told to come to Wichka .it is said, when he left and there is no known reaand when they get here they are turned on why he should keep his whereabouts loose upon the charity of the public. A a secret. He carried about \$27,000 in life feeling of sympathy and humanity de- insurance, and the premiums have been mands that they be cared for and nothing kept paid up by his relatives. is left but to send them to the hospitals. This is not only an injustice to the hoscounty which is unjustly borne. The char-lice with a story about Kimmel's growded, the police will probably be comfields or let them my in the cfty jails to

FOR BIG FALL TRADE Merchants Expect Heavy Business Next Three Heaths.

Wichita merchants are making active preparations for the most aggressive fall campaign in years. Nearly every merchant. in the city is making great improvements in his store, and straining every nerve to outdo his competitors in making his store a more attractive place to shop in.

Each merchant realizes the need of great endeavor to induce trade. Individual activity means collective prosperity. The keen rivalry manifested by the merchants cannot but be poductive of great returns. The evidences of betterment among the stores mean much for Wichita. They mean that the merchants are convincing people living in and adjacent to Wichita that there is no more advantageous point in othe United States to buy goods than here.

No city in the western country car bases of finer stores than this city, and its splendid mercantile institutions are commenced upon by every person who

MRS, FINLAY DAVIS DEAD

Body Will be Taken to Yates Center for Burisl,
Mrs. Finlay Davis died at her home one block west of Waco avenue on Fourteenth street, at 12 o'clock last night. There will be a short funeral ceremony at the residence today at 12:39 o'clock, conducted by Rev. A. E. Dubber, after which the remains will be taken to Yates Center for burial, over the Missouri Pacific at

FARMER'S INSTITUTES

To be Held at Norwich, Beaton and

Farmers' institute will be held in Sepember at Norwich, Benton and Zyba, under the management of the Kansas Creamery company of Wichita. A sort of local exhibition will be given at Norwich in connection with the institute work. There will be also lectures by men from the Kansas experiment station.

WILL ASK THE COUNCIL

To Take Some Action Against Frisco and Midland.

The people on Mosley avenue between Murdock avenue and Douglas can't sleep at night on account of the whistling of the Frisco and Midland freight engines and they will take their grievances to the council. They say that the switch engines go tearing up and down the street, the whistles screeching constantly when there is no need on earth of it. They claim that the engineers blow the whistles every time the engines pass a house with a light in it and that the noise is a harsh howling nerve wrecker and is made in goulish giee by the engi-

A number of the re-idences along

Mosley are built right up close to the Midland track and the screeching pops right off the engine into the house. Interested parties have looked into the matter and found that the council granted the use of Mosley avenue for an entrance into the city and not for switching purposes. The council will be asked to order the Midland and Frisco to stop blowing their whistles so much or refrain from using the tracks on Mosley avenue for switching or get off the strest entirely. The Moseley avenue people claim that by the provisions of the franchise granted by the council to the Midland people, switching cors can be absolutely prohibited. They are preparing to bring the matter up and if it comes to a legal contest the result will hinge on the definition of "Entrance Into the City." If by giving the street to the Midland people for an entrance into the city the privilege of switching cars and blowing whistles is included the Mosley avenue people will have to break the whistles off the engines or move or do without sleep.

STILL LOOKING FOR KIMMEL No Trace of the Arkansas City Banker

Who Disappeared a Year Ago. All of the leading detective and police publications in the United States are still running pictures of George A. Kimmel, the Arkansas City banker, who disappeared from the Midland hotel in Kansas City on the evening of July 30, 1898, and who has not been heard of or seen

Relatives of the missing banker are still keeping up the search for him in this couuntry and in Europe. The Pinkerton detective agency has charge of the case, and Superintendent Shumacher, of the Kansas City branch, has sent thou sands of circulars all over the country. giving a description of the missing man and offering a reward of \$500 for any information concerning him. This reward will be paid by Charles A. Johnson, banker at Niles, Mich., and a brother-inlaw of the missing man. Johnson has been here, at Kansas City and at other places in Kansas several times looking after Kimmel's affairs. He says that he intends to keep up the search for his brother-in-law until he receives some information concerning him, whether dead

The afternoon preceding the night that el disappeared from th hotel he went to Kansas City from Topeka, where he had registered \$16,000 in school warrants. He wired a Kansas City bank to send a messenger to the Midland hotel with \$500, and the money was delivered to him at about 7 o'clock in the evening. Kimmel lit a cigar and walked out of the hotel and has not been seen or heard of since by any of his relatives. The Pinkertons have been at work on the case ever since and they have to Kimmel's whereabouts, or if they have

A man was discharged from the workhouse at Kansas City two or three pitals, but is an expense to the city and months ago who went to the chief of poity wards of the hospitals being over- duct the night he dropped from sight in Kansas City. The stranger told Chief pelled to forward such cases to other Hayes that Kimmel visited a number of resorts about town the night of July 30, and that he spent money with a lavish hand. He hired backs and paid the bilis, bought champagne and entertained his friends in royal style and even went so far as to give a number of persons small sums of money. The prisoner seemed t think that Kimmel had met with foul play right in Kansas City. He was known to have had considerable money with him and thugs might have robbed and murdered him for his money

FAMINE OF FREIGHT CARS Rock Island Can't Build Cars Fast Coough.

Owing to the immense rush of business the Rock Island reports a shortage of cars. Every available car is now doing duty. The company has just turned out sety new box cars at the Horton shops and work is now being pushed on twentyfive double deck stock cars, twenty-five flat cars and 100 box cars. The Santa Fe company has been com-

pelled to draw on its reserve supply of engines to handle its heavy traffic. V. M. F. GREEN VERY SICK Was Taxen to the Wichita Hospital

Yesterduy. William F. Green, formerly grain inspector but lately with the Wichita Mill, Phone St. and Elevator company, is very sick. His somition became such that he had to be taken to the hospitul resterday. It i thought that he has appendicitis.

Complexion and Hair Specialists.

The brilliant complexions of women in the more exclusive circles of New York society are not explained by the theory that associates beauty and idleness. In fact, many leaders of the world of fashion are hard workers. Yet they keep their good looks even when they are old. How do they manage it? THE MISSES BELL, of 75 Fifth Avenue, New York, themselves conpected with some of the most noted and honored families in the metropolia, have answered the question. They have prepared for the use of women in general, five preparations for improving the complexion and the hair.
